

A-50 – Current Firmware Update Notes (15 April 2026)

Update History

Current Version R103-0102-0000-0034

The firmware version can be confirmed by Onkyo Controller App.

The 15 April 2026 update will address the following:

1. Wi-Fi connectivity and performance have been refined for a more seamless experience.
2. Network streaming reliability, including AirPlay and Spotify, has been enhanced.

Update instructions

The firmware is updated via the network using Onkyo Controller App. When the new firmware becomes available, a guidance is displayed on the screen of the app. Follow the on-screen instructions.

For details, see "Firmware Update" of the Instruction Manual.
